

# GLOBALFONE PERSONAL SECURITY SYSTEM

The GlobaFone Personal Security System is designed for your personal safety and convenience as well as to keep key people in your organization connected no matter where they need to work. The Personal Security System operates in three modes: as a fixed-site in your home or office, as a mobile office in a vehicle, or as a stand-alone, fully portable phone. This gives you the flexibility to move from location to location and keep in contact, all while keeping the same satellite phone number.

**This incredibly flexible system is value-priced at just \$2,999.00**

**The Personal Security System Includes:** a Globalstar portable phone, a transportable car kit with a magnetic antenna and power plug, an antenna for your building or home, an 80 foot antenna cable and an electrical converter
